What is Virtual Internships In London

Work Experience in London is the traineeship agency of KBM Group, creating Virtual Internship Program opportunities for EU & Non EU students. Work Experience in London was created in 2012 with the aim of providing the following services:

- ▶ Virtual Internship Tutoring & Monitoring
- ▶ Mentoring CV enhancement skills
- ▶ End of Work Experience Certificate
- ▶ Letter of Reference

Virtual Internship in London has many well-trained staff who are experienced at providing support to trainees and students who need to improve their skills in accountancy, admin, or any other business sector covered by the professional traineeship programs of KBM Group and our partner hosting companies in various sectors.

Also referred to as online, remote or e-experience, virtual work experience gives students the opportunity to complete a full time or part time virtual work experience from home. Online work experience is open to all without any barriers and cost effective solutions same privilege is earned with experience and an opening for new opportunities with minimum resources and mobility all you need to get involved is access to a computer and having knowledge of basic IT skills.

Virtual internships share many similarities with traditional, practical face to face internships but their online nature allows participants to work with organizations across the country, even the globe, and learn more skills in challenging environment as it not only enhances their professional skills but handling situations and learning to work digitally and in a team. It helps them gain invaluable work experience and boost their CV in spite of coronavirus restrictions
